Professional Summary

Cyber Security undergraduate with a strong foundation in **software development, networking, and secure application design**. Hands-on experience in **vulnerability assessment, penetration testing, and Python-based development** through internships and practical projects. Passionate about building secure systems and applying problem-solving skills to real-world cybersecurity challenges.

Education

Sambhram Institute of Technology <i>Bachelor of Engineering (B.E.) in Cyber Security — No Active Backlogs</i>	Bengaluru, Karnataka 2023 – 2027
Aryabhatta PU College <i>Pre-University Course (Science) – 82.5%</i>	Dharwad, Karnataka 2021 – 2023

Technical Skills

Languages: Python, Java, C, SQL
Web & Database: HTML, CSS, JavaScript, MySQL
Cyber Security: Vulnerability Assessment, Penetration Testing, Web Security, Network Security
Security Tools: Nmap, Wireshark, Burp Suite, Metasploit, Nessus
Platforms: Linux, Kali Linux, Windows
Developer Tools: Git, GitHub, VS Code

Experience

Shentinelix Sphere Pvt. Ltd. <i>Cyber Security Intern</i>	Remote Sep 2025 – Dec 2025
- Performed vulnerability assessment and penetration testing on web applications and network environments. - Analyzed network traffic using Wireshark to identify anomalies and potential security threats. - Performed reconnaissance and security testing using Nmap, Burp Suite, Metasploit, and Nessus. - Investigated OWASP Top 10 vulnerabilities, including SQL Injection and Cross-Site Scripting (XSS), and contributed to Cyber Range testing activities.	

Projects

<

Certifications

Ethical Hacking & Cyber Security Level-4 (Supraja Technologies) • Cyber Security Internship (Shentinelix Sphere) • Network Security Associate (ONSA) • ICIP (OPSWAT Academy) • Python Basics (Coursera) • Introduction to Python (Infosys Springboard)

Achievements & Learning

- Active learner on **TryHackMe**, **Hack The Box**, **LeetCode**, and **HackerRank**.
